Print your own stamp album pages

The club owns two disks that you can use to print off stamp album pages from any country that produces stamps. The pages look very professional and are an economical alternative to buying albums because they allow you to print just the countries that you collect. (For example, if you collect a few British colonies, but not all of them, you can print just the ones that interest you.) Pages can be printed on 8 1/2" x 11" paper (cardstock works great). Club members can borrow disks for free from Ken Rehfeld, but they must be returned by the next meeting.

Share your ride! Do you need a ride?

Chuck Jones is our rides coordinator. Please call him at 321-7449 if you need a ride or can share one with another member.
